2/23/65 HHH returned from his SEATO "peace mission" & was greeted by the Pres on the south lawn of the White House. His first words about his peace mission were "I am much encouraged because the Title of Battle has turned in our favor".

That's the way of getting peace, but the administration, when so accused in the Senate Foreign Relations Committee, denied the program was military victory.

But HHH's "peace mission" was complete & his last TV report was MONDAY - APRIL 14 last on mention of "peace"

HHH is a good campaigner — Mr Humphrey, LBJ, etc.

And, after sending 3 or, was over 2 yrs known how many thousands of tons of bombs & spending billions in it, he still may not say anything in the way will come from the Hanoi side.
